

Solstic Nutrition

NPN 80024284, 30 Stick Packets,

Multi-Vitamin/Mineral Supplement, Stock No. 6504-8

Solstic Nutrition is a comprehensive supplement providing 15 important vitamins and minerals in a great-tasting tropical fruit flavoured drink mix. Vitamins and minerals in liquid form are digested faster and assimilated into the body more quickly than tablets.

Balanced nutrients are often in short supply during special periods of physical stress or convalescence, or in a diet consisting of mostly processed foods. Solstic Nutrition was formulated to top up missing key nutrients in your diet and to ensure your basic health requirements are met. Solstic Nutrition is suitable for all ages beyond one year old.

Did you know?

In a study published by the New England Journal of Medicine, those who consumed proper nutrition had the following benefits:

- 30% less likely to have a heart attack
- 20% lower risk of coronary heart disease
- Able to lower systolic blood pressure by 11 mm mercury and diastolic by 6 mm.

Though nutrients are widely scattered all through our food supply, soil depletion, storage, food processing and cooking destroy many of them. No possible "balanced" diet is likely to meet nutritional needs today, and in fact less than 25% of the Canadian population gets proper nutrition each and every day.

Lack of nutrition has been linked to attention deficit disorder, inability to concentrate, and

improper development in children. According to some sources, 75% of North American deaths each year are the result of avoidable nutritional factors.

NSP Advantage

A great-tasting, tropical fruit-flavoured drink mix that provides 100% or more of the Recommended Dietary Allowance or Adequate Intake values for all age groups for biotin, pantothenic acid, and vitamins B1, B2, B3, B6, D and E. It provides 100% or more of the RDA/AI up to age 8 for folic acid and vitamin A, and up to age 13 for vitamin C. And to round out the formula, we have also included vitamin K1 and the minerals calcium, magnesium and zinc.

Ingredients: Each packet of Solstic Nutrition provides the following: Medicinal

Ingredients: Vitamin A (beta-carotene) 500 μ g RAE (3300 IU); vitamin C (ascorbic acid) 60mg; vitamin D3 (cholecalciferol) 10 μ g (400 IU); vitamin E (d- α -tocopheryl acetate) 18.2 mg AT (30 IU); vitamin K1 (pylloquinone) 30 μ g; thiamine (mononitrate, vitamin B1) 1.50 mg; riboflavin (vitamin B2) 1.70 mg; niacinamide (vitamin B3) 20 mg; vitamin B6 (pyridoxine hydrochloride) 2.0 mg; folate (folic acid) 200 μ g; biotin 150 μ g; pantothenic acid (calcium-d-pantothenate, vitamin B5) 10 mg; calcium (lactate) 100 mg; magnesium (gluconate) 40 mg; zinc (oxide) 3.70 mg.
